

MIDDLE AGES – TECHNOLOGY- CLASSROOM ACTIVITY

STEP 1:

Go to: <http://scholar.chem.nyu.edu/tekpages/Timeline.html> Go to this site and then choose 'Timeline'.

STEP 2:

FORM GROUPS OF THREE AND WORK TOGETHER TO ANSWER THE FOLLOWING QUESTIONS

Questions:

- 1) Write the name and then describe 10 different inventions that you think would have created a significant change for people in the Middle Ages.
- 2) Write an explanation of who you think these inventions would have had an impact upon and how they might have been affected.
- 3) Draw a picture of 5 different inventions, explain how they were used in the Middle Ages and then explain what you think would have been done before these inventions were made.
- 4) Who do you think developed most of the inventions in the Medieval period? Explain why you think this.
- 5) Many people think that science did not develop greatly during the Medieval period. Do you agree or disagree? Explain why.
